

LPGP60【液化气泵】 LPG PUMP

- 结构简单，操作和维修简单方便
- Simple structure, easy operation and maintenance
- 悬浮式叶轮，噪音低，寿命长
- Suspension impeller, low noise, long service life
- 220V电源，方便农村、工厂、移动条件下的使用
- 220V power supply, convenient rural, factory, mobile conditions under the us

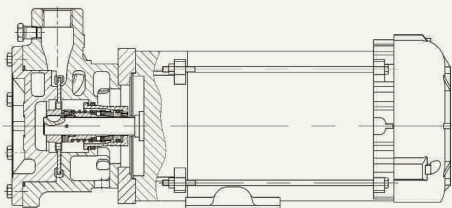

■应用于：Apply to:

汽车用液化气泵
LPG pump for automobile
液化气大罐导小罐
The big tank of LPG leads the small tank
液化气气瓶充装
Filling of liquefied gas cylinder
农业用氨
Agricultural use of ammonia

技术参数Technical specification

进口 Inlet	1-1/4"NPT
出口 Outlet	1"NPT
工作电压 Working voltage	220V
电机转速 Motor speed	50Hz 2850rpm/60Hz 3450rpm
电机功率 Motor power	1.5HP
最大工作压力 Max working pressure	25bar (2.5MPa)
最大压差 Max differential pressure	7bar(0.7MPa)
流量 flow rate	12gpm 45L/min
温度范围 Temperature range	—32℃ ~ 107℃

结构Construction：

LPGP60
