Creative & Customized LED Display

Ring LED Display

Pixel Pitch (mm): 2.5 / 3

Other Pixel Pitches & Size Customization Available

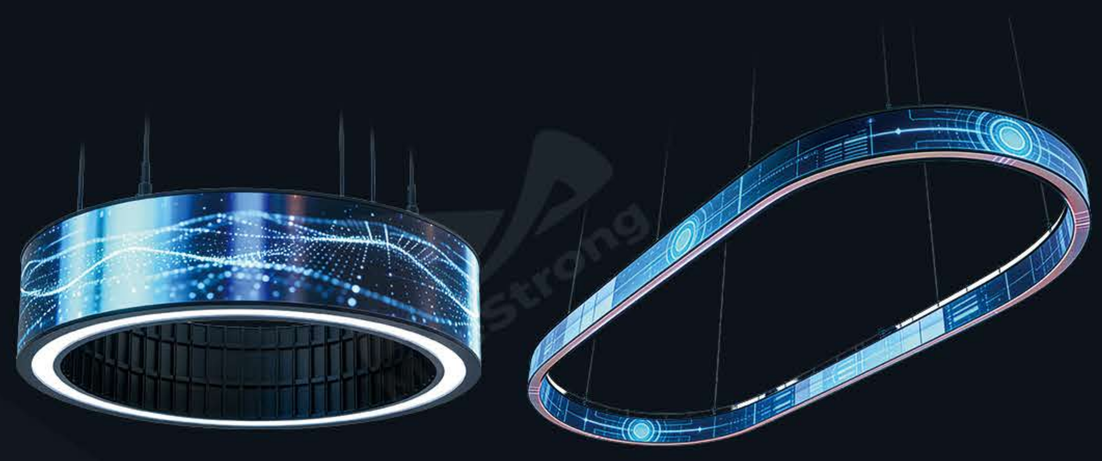

Creative Display

The ring LED Display is designed for creative commercial decoration and brand promotion. With its eye-catching circular structure, it attracts customer attention and enhances the visual impact of retail spaces, exhibitions, and commercial interiors.

Flexible Customization

Multiple size options and display configurations are available to meet different installation needs. The ring LED display supports customized diameters and circumferences and can be designed in circular or oval shapes, allowing flexible integration with various architectural structures and creative display concepts.

Single-Sided or Double-Sided Display

The ring LED screen supports both single-sided and double-sided display modes. It can present content on one side or both sides simultaneously, maximizing advertising visibility and delivering dynamic visual effects from multiple viewing angles.

High-Definition Full-Color Display

Equipped with high-quality LED lamp beads, the screen delivers bright, vivid, and full-color images. It ensures clear and vibrant visual performance, making promotional content more engaging and visually appealing.

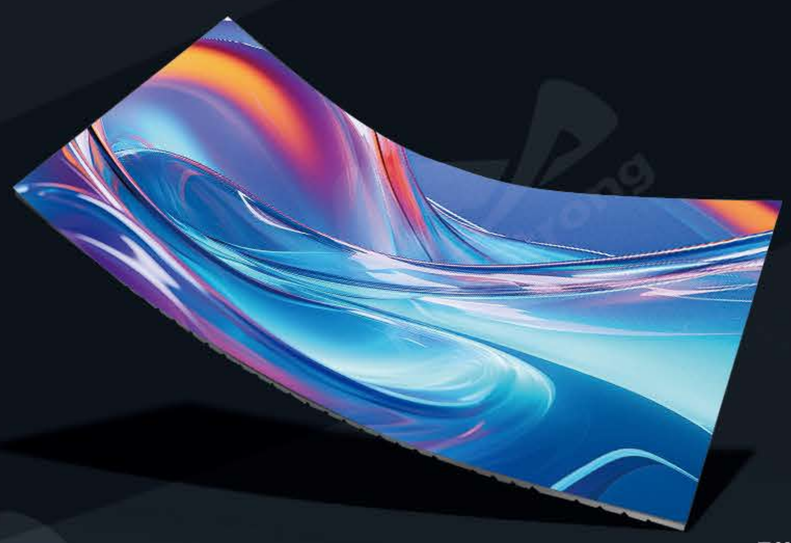

Smart Mobile Control

The display supports mobile phone control through WiFi connection. With a dedicated mobile app, users can easily upload, manage, and update content remotely, enabling convenient and flexible content management.

High-Quality LED Components

Equipped with premium LED lamp beads, the display delivers high brightness, stable performance, and long service life. The high-quality components ensure reliable operation with excellent visual performance and efficient heat dissipation.

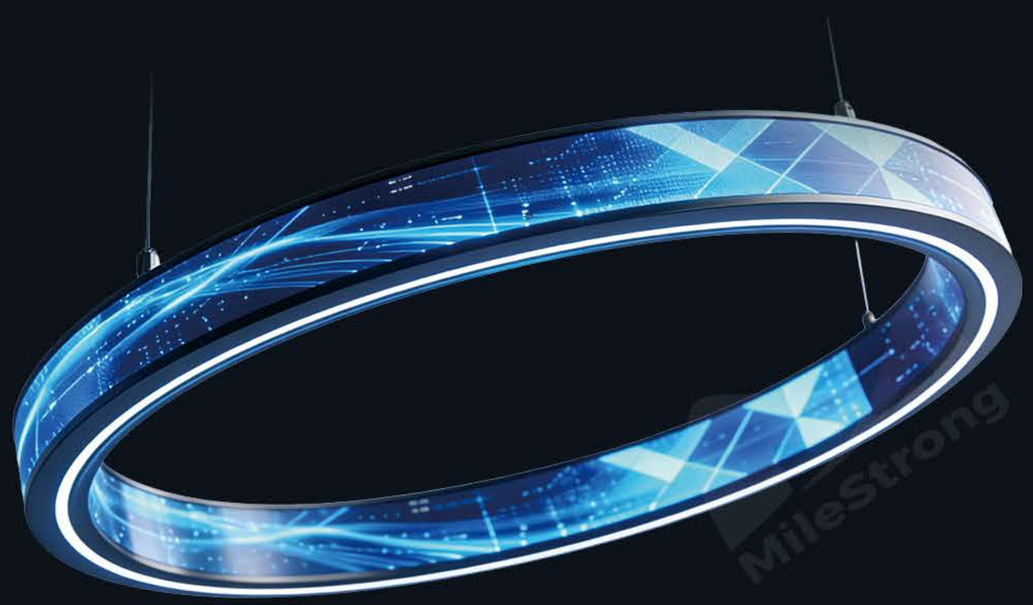

High Brightness

Stable Performance

Efficicent Heat Dissipation

Easy Installation & Plug-and-Play

The finished display is easy to install and ready for immediate use. With a simple hanging installation method and plug-and-play design, it requires no complicated wiring, making setup fast and convenient.
