

C Series Battery Cabinet

Performance Characteristics

- Made of thickened cold-rolled steel plate, with a compact and rational structure, offering high load-bearing capacity
- Entirely coated with electrostatic spray painting, which is environmentally friendly, wear-resistant, corrosion-resistant, fireproof, and insulated
- Comprehensive model range to meet the installation needs of battery packs of different capacities, with strong versatility to accommodate various types of circuit breakers
- Compact and rational design for convenient installation
- Removable open structure for easy installation and maintenance

Applied Range

Uninterruptible Power Supply (UPS), Emergency Power Supply (EPS) for Fire Safety, Inverter Power Supply, Telecommunications Direct Current (DC) Power Supply, Telecommunications Engineering, Network Engineering, Tax System, Power System

Technical Specification

Model	Battery Capacity	Number of Batteries	Structure	Number of Tiers	Dimensions(mm)	Weight(Kg)
C-1	17AH/24AH/38AH	5/3/2	Monolithic	1	435x210x270	3.3
	65AH/100AH	1	Monolithic			
C-1A	17AH/24AH/38AH	6/4/3	Monolithic	1	540x210x230	7
C-1B	17AH/24AH	3/2	Modular	1	280x190x220	2.2
C-2	17AH/24AH/38AH	10/6/4	Modular	1	450x470x320	7
	65AH/100AH	2	Modular			
C-3	17AH/24AH/38AH	14/8/6	Modular	2	585x470x320	9
	65AH/100AH	3	Modular			
C-4	17AH/24AH/38AH	20/12/8	Modular	2	450x470x615	13
	65AH/100AH	4	Modular			
C-6	17AH/24AH/38AH	28/16/12	Modular	2	585x470x615	18
	65AH/100AH	6	Modular			
C-8	17AH/24AH/38AH	36/20/16	Modular	2	780x470x615	21
	65AH/100AH	8	Modular			
C-10	17AH/24AH/38AH	44/28/20	Modular	3	950x470x615	24
	65AH/100AH	10	Modular			
C-12	24AH/38AH	30/24	Modular	3	780x470x900	32
	65AH/100AH	12	Modular			
C-16	24AH/38AH	40/32	Modular	4	780x470x1190	45
	65AH/100AH	16	Modular			
C-20	24AH/38AH	56/40	Modular	4	950x470x1190	50
	65AH/100AH	20	Modular			
C-24	65AH/100AH	24	Modular	4	1150x470x1190	90
C-32	65AH/100AH	32	Modular	4	780x880x1190	95
C-40	65AH/100AH	40	Modular	4	950x880x1190	100
